News Release

For Immediate Release: May 28, 2020

Water services restored to customers in Hanapēpē town

(10:15 a.m.) HANAPEPE - The Department of Water (DOW) has restored water services to customers located on Iona Road, Lea Lane, Luka Place, Pepe Road, Kuiloa Road and a portion of Kaumuali'i Highway; between Hanapēpē Road and Iona Road in Hanapēpē as of 10 a.m. this morning. DOW's contractor, Goodfellow Bros. Inc. has completed the installations of the new 12-inch and 16-inch water main connections to the existing system and customers may now resume normal water use.

Customers are advised that when the water main is turned back on, air and or existing sediment may be mixed into the water causing it to appear white or discolored. This is normal and if it occurs customers may flush water out from an outside hose bib until water is clear.

The one-lane road closure and detour of westbound traffic on Kaumuali'i Highway in Hanapepe will remain in place for approximately 4 hours or until the remaining work is completed. Motorists are advised to adhere to traffic control and drive with caution when traveling through the area.

DOW thanks Hanapepe town residents for their patience and cooperation during the water service shutdown.
